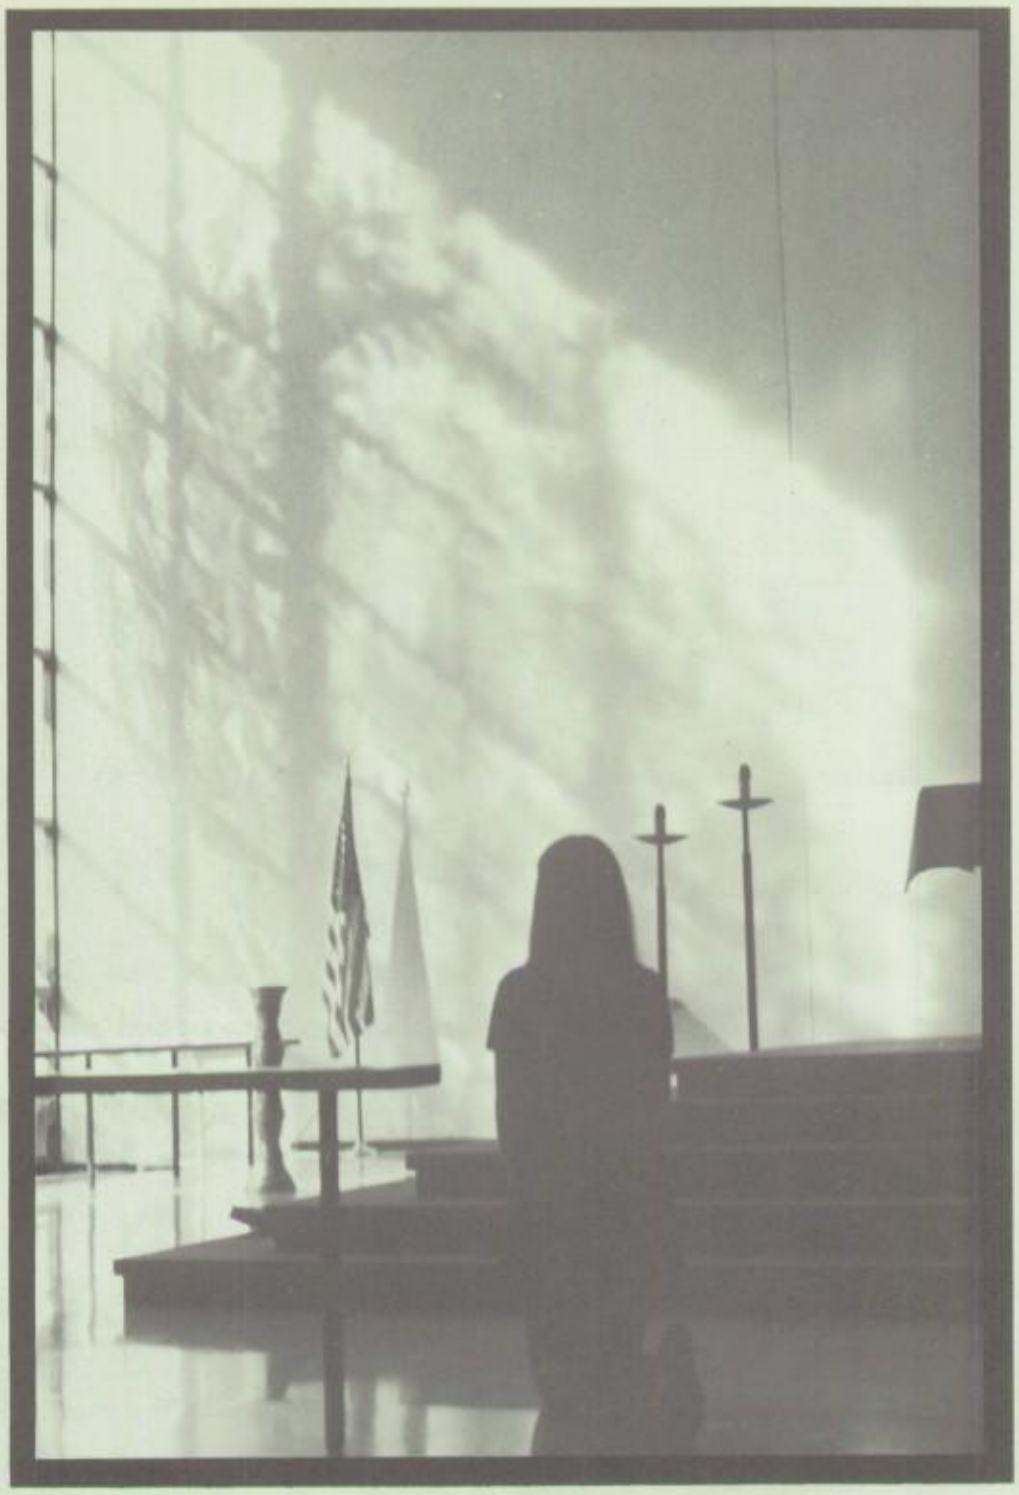
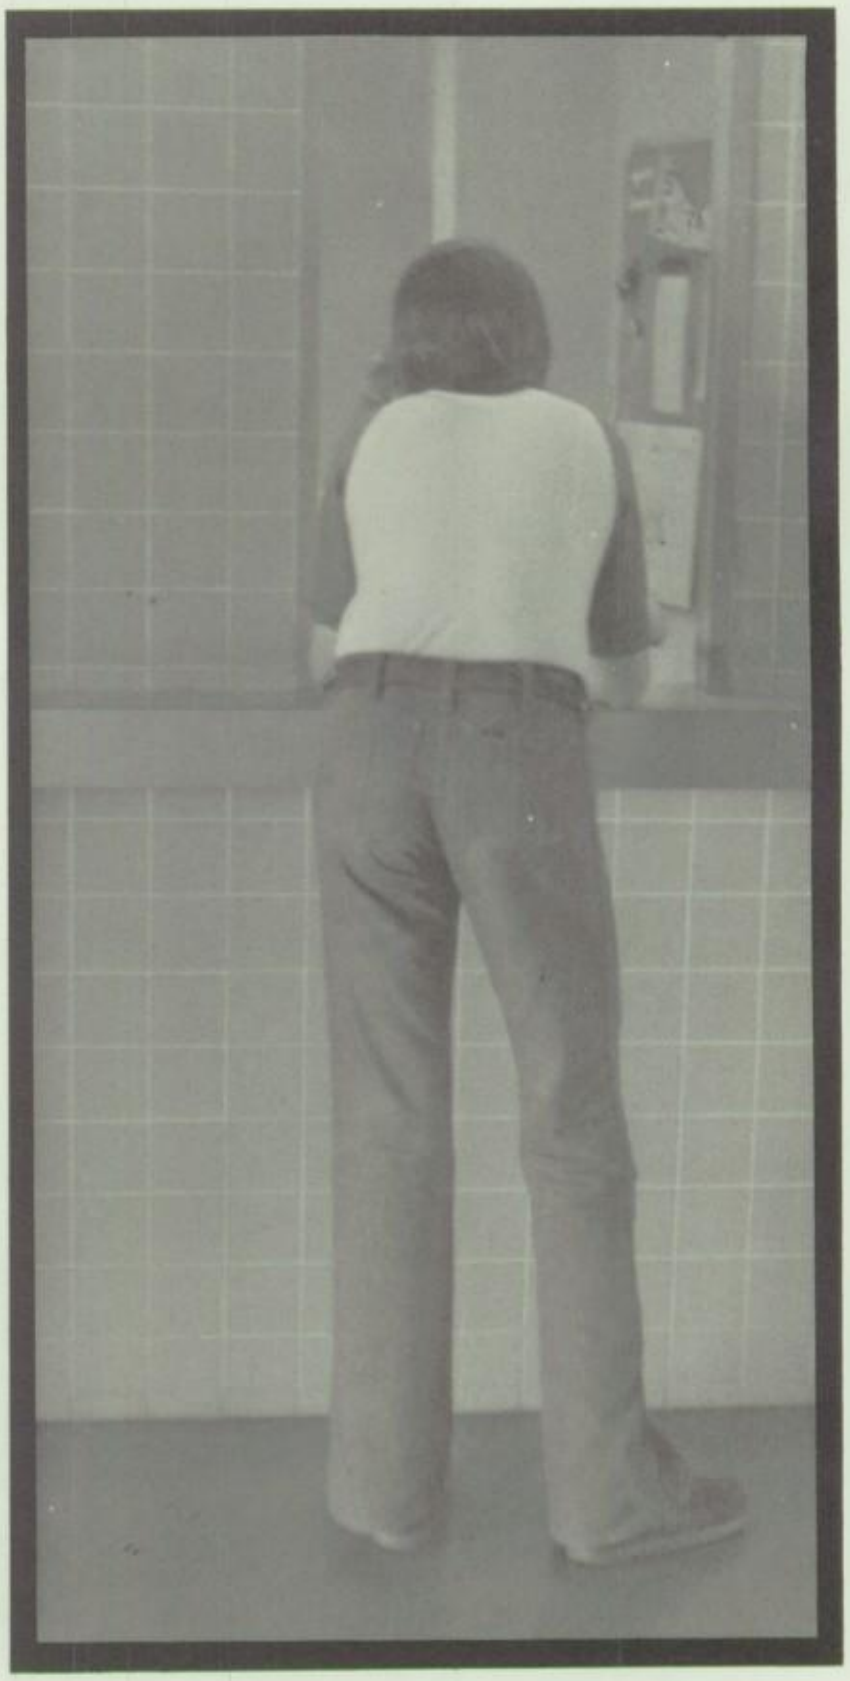
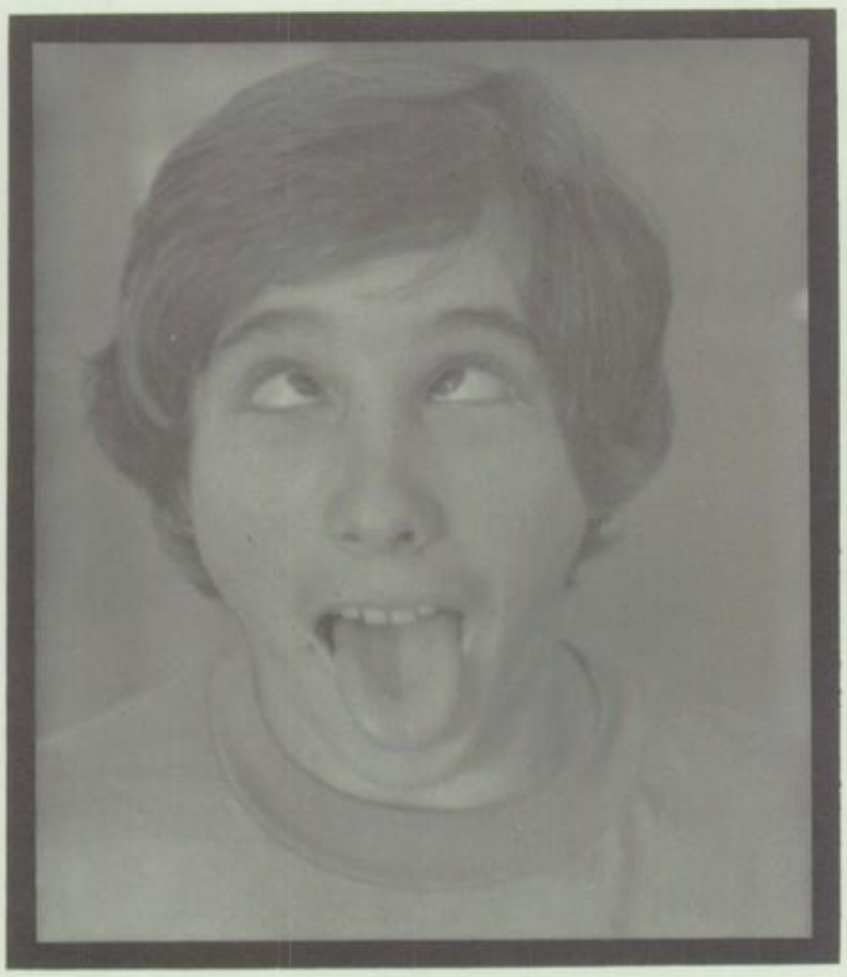
The pages of our mind
are such a pleasant place
To wander through
when day is done
without time's hurried pace.



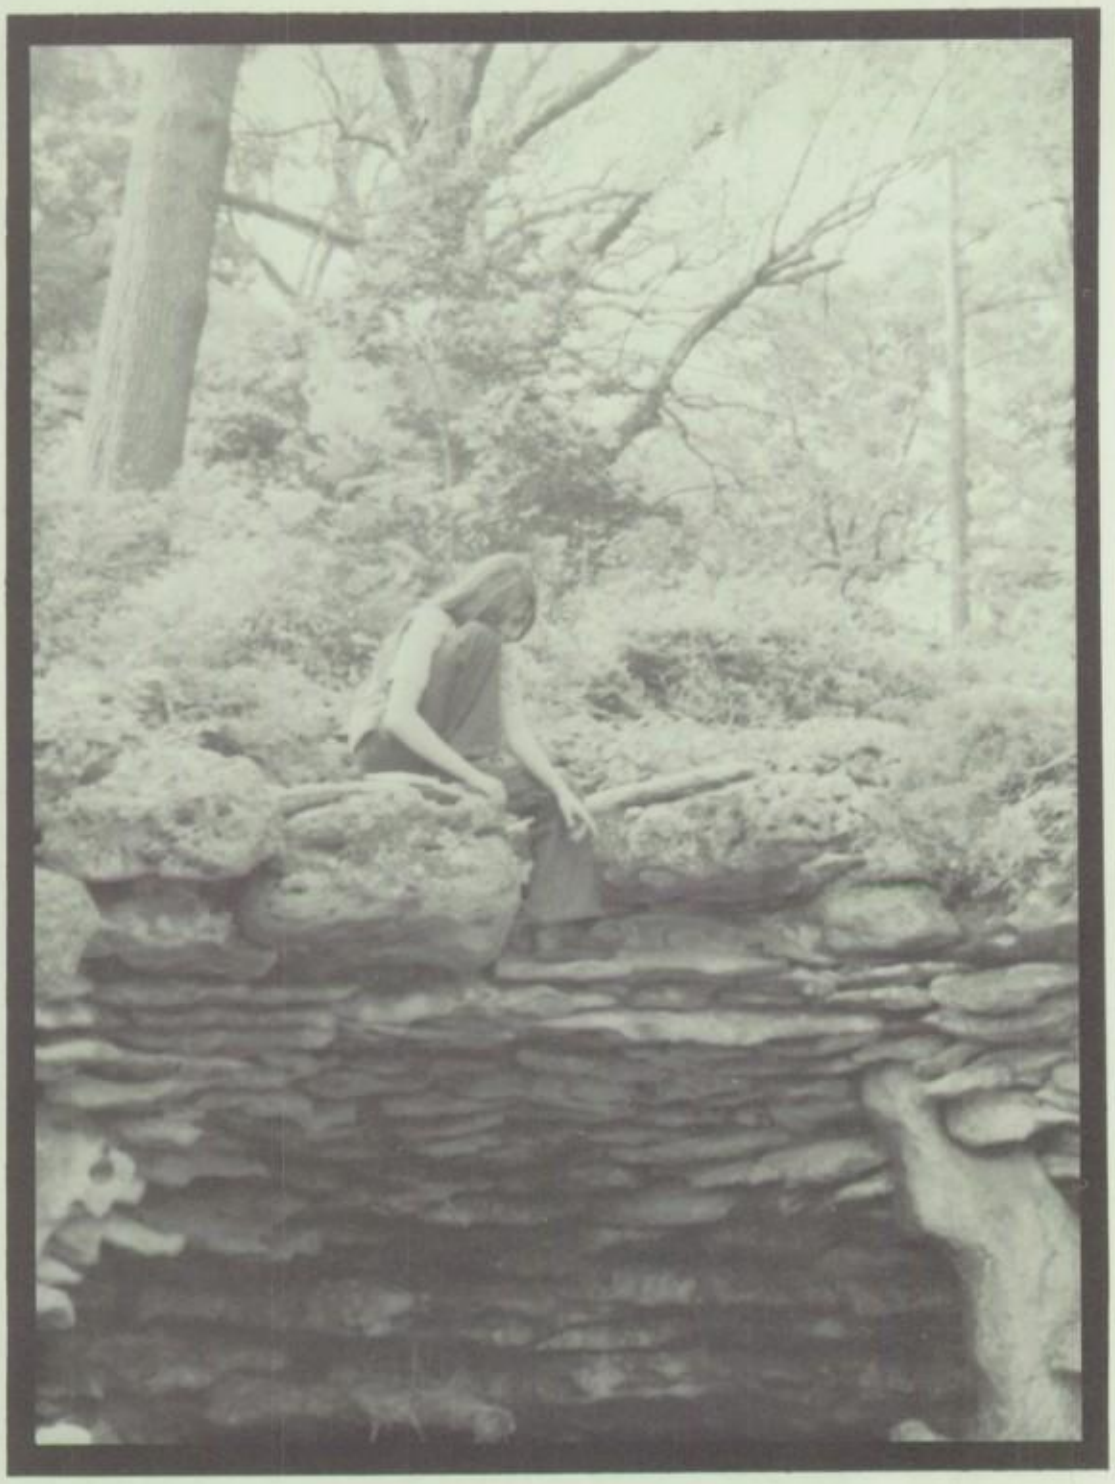
The flowers of my youth
are there,
The rosebuds of life's love,
The daisies of my happy
times
With blessings from above.

I close my eyes and
recollect
The things which I have done,
And they become
the rolling hills,
The background of life's fun.





The rocks of disappointment
are still there
but can't be seen.
Unless I try to look
for them,
They're few and far between.



And so these pages
of my mind,
Shine with a sky of blue.
Especially when I recall
The happy times I knew.

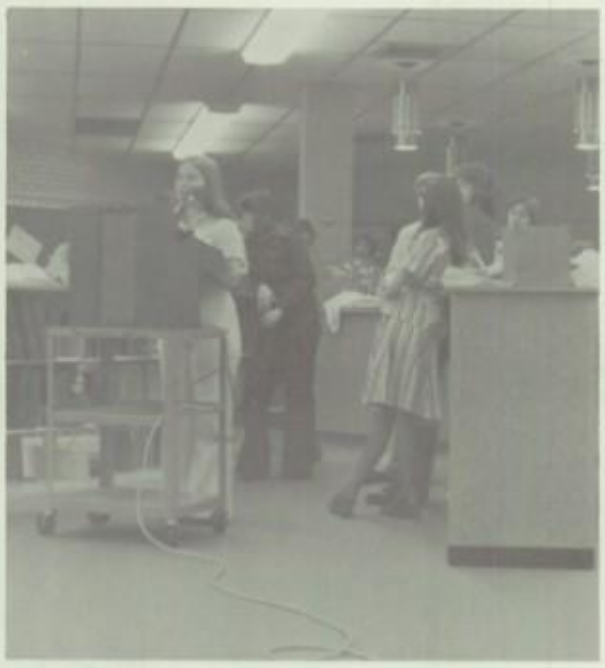
Council

Caught ya Cutie!



Getting involved in school activities, Renee Counts talks on the important topic of school safety.

The Senate at the White House? No, just your friendly Student Council at East Central. Do you want a place where you can talk and discuss problems? Come on up to a Student Council meeting and express yourself. Student Council takes great pride in pleasing you. The Student Body owes a great deal to student council, Mr. Payne, Mrs. Sands, and a hard working cabinet of officers. Being in Student Council is alot of hard work but it makes you so proud to know you have accomplished something for the entire student body, that it is well worth it.

Yearbook

The Yearbook Staff has a special survival kit which they would like to share with everyone. It contains: one understanding sponsor, five frantic seniors, eleven hard working juniors, one photographer, pens and pencils, lots of paper, plenty of problems, deadlines, pictures, a broken typewriter, and finally . . . . . a finished yearbook.

Special thanks to: Kathi Blosch, Marijo Cheek, Jeff Forrester, Leslie Hunt, Steve Ingersol, James Jackson, Susan Lamm, Kelly Lawrence, Chriss Marple, Lea Ann Parks, Ellen Riley, Sherri Thomas, Gail Vicker, Terry Walker, Monnie Webb, Belinda Vann, Carrie Plagmann, and Mrs. Armstrong.

A sponsor's work is never done!

Journalism

"Doc" Phillips shows a few of the students how to operate the press.

When a deadline comes, everyone needs a fast helping hand.

Publishing a paper may not be quite as easy as many may think it is. Interviewing, proper grammar, print size, proofreading, and printing all must be taken care of. Then came along the script for the cable T.V. show. We really didn't know what we were doing, but whatever it was, we sure did have fun. Who knows, we may become the editors for the "Rolling Stones."

"Me, a writer?", Linda Wilkerson only laughs to that question.

Members of Journalism are: Randy Adams, Bret Bradford, Dean Douthitt, Karen Hartman, Carolyn Johns, Kimber Kelly, Kelly Lawrence, Jacki Meet, Karen Phillips, Anita Pianalto, Peggy Shaha, Tammy Stewart, Lisa Stuart, Edward Wells, Linda Wilkerson, Jim Murrell, Richard Bewley, Pam Smith, Chris Broyles, Jerald Cawaley, and Ellen Wallace.

French Club

Ms. Pharr and the officers discuss the next outrageous event French Club will undertake.

Officers are: Lynne Brookover, Pam Barton, Julie Hummel, Steve Herring, Julie Eastham, and Debbie Roberts.

This year French Club got off to a great start. With our Bicentennial T-shirts, we celebrated America's Birthday. Then along came Christmas with our, almost impossible to forget, onion soup! And none of us will forget the hayride along with the herds of cattle that followed. We only hope that next year's members will be just as active as we were.

"Ich liebe Deutsch" - translate that into English and it means, "I love German." They started the year off with a wiener roast at LaFortune Park. Come Christmas, members went caroling at the Methodist Manor Nursing Home, followed by a Yuletide party. When Foreign Language Week arrived, folks found out what some common words around E.C. (clock) "die uhr;" (desk) - "das Pult;" (water) - "wasser", meant in German. Following Foreign Language Week comes the traditional dinner when the French, Spanish, and German Clubs spend endless hours preparing dishes from their native lands, to be shared with each other.

Sr. officers are left to right: Debbie Simpson, Marhta Slankard, Corsair Eaton, Connie Gann, and Phyllis Hubbard.

Pep Club, an organization trying to strive for school spirit, led by individuals who care enough about their school to come a little earlier than usual in the morning, or stay after school in the afternoon to devote their time to spirit signs, cheerleading practice, or any number of other projects that must be done to maintain school spirit. Pep Club works hard for the athletes, coaches, students, faculty, and at last for themselves, to keep spirit in the school. Hoping that all to follow will encourage pride and dignity in our school.

Varsity Spirit

Varsity Cheerleaders are: GiGi Tucker, Terry Austin, Sherri Thomas, Rhonda Rohmiller, Pam Kadel, Rhonda Stepp, Susan Lamm, Teresa Chadwell, and Gina Hamer.

Cheerleaders are something special. They are leaders among leaders, striving to unite groups of people with spirit. They encourage team support, and sometimes it's a long, hard job for cheerleaders to keep both a smile and their spirit during a game—(win or lose). Cheerleaders should be given an award for all the time, energy, and effort they put into their work. They should be regarded as the spark plugs of our school.

Background Of Life's Fun

Board Of Education

Though most people like to look back on a year and remember, Tulsa's Board of Education members must look ahead a year and anticipate. Which insurance company offers the best coverage at the most reasonable cost? A teacher-clerical raise to be negotiated, inflation vs. existing money. Early morning meetings covering all phases of school personnel, buildings, curriculum and financing, require time and energy for the eight-member staff, guided by Dr. Bruce Howell, Superintendent of Schools.

Board of Education members are left to right, seated: Mrs. Mary Warner, Mr. Carl D. Hall, Jr., Mr. Ray Conard, Mr. Jerry Dale Gordon, Mr. Eugene H. Harris; standing: Mr. Curtis Turner and Dr. Hobard Sanders.

Shown inspecting East Central are Dr. Bruce Howell, Superintendent of Schools, and Mr. J. W. Payne, Principal.

Sometimes you may wonder how these Board members relate to East Central and this yearbook. Think about the "Nest," 10 newly enclosed classrooms, show cases, and the auditorium to start the year in September. Board members approved the expenses. They do a lot of work to provide the "Background of Life's Fun" for us.

America, My Land

Students of East Central High School and particularly the members of the class of '76 have a unique place in our nation's history as we pause and reflect upon our 200 years from the original 13 colonies to the present 50 states. It has been my privilege to have lived in the last quarter of this period and to make my small contribution. It is your privilege to live in the latter part of this period and to take your place of leadership into the start of the next 200 years. Our country will be great or small, according to how each of you as individuals prepare yourselves and make your contribution to keep America the greatest.

-J. W. Payne-

Introducing sophs to the school, Mr. Payne tours the library with Danny Cagle, Carlita Newby, Teri Marrs, and Kevin Easley.

Then the lightning hit the building." ? Whatever they're discussing, Joe Masek and David Gulley listen with a great deal of interest to Mr. Payne.

Assistant Principals

Now and then you find out something special about our Assistant Principals, Mr. George Dorsch and Mr. Larry Smith. Mr. Dorsch is busy working with curriculum, pre-enrollments, data processing, substitute teachers, and he likes it. But he also likes square dancing, bowling, boating, and fishing. Mr. Smith is the man in charge of student activities, keeping the school calendar straight. Sometime ask him about the Cowboys-O.S.U. or Dallas. A former football player himself, he's still a Number 1 fan.

"Did you say something about filing?" Mr. Dorsch is considered one of the most organized people at school.

One way to an open communications line is through frequent correspondence. Mr. Larry Smith dictates a memorandum to Mrs. Virginia Dipboye, Office Manager.

Two new counselors this year, Mr. Clarence Ehlers and Mrs. Shirley Dalton, so E.C. is achieving more status. And students are receiving more help with personal problems and sound advice. A lot of us don't realize that our counselors are really "buffers" or "go-betweens" - us, and whatever snags we're hitting at this time of life. They guide us in choices and decisions we can live with.

Mr. Bill Stephens confirms Suki Brock's schedule of classes for her Junior year.

Mr. Jerry Zachary is Dean of Boys.

Mrs. Mary Laughlin and Mr. Loren Notley, clerk and counselor, team up on checking out and recording grades and other permanent records.

Mrs. Opal Lloyd is Dean of Girls.

Art

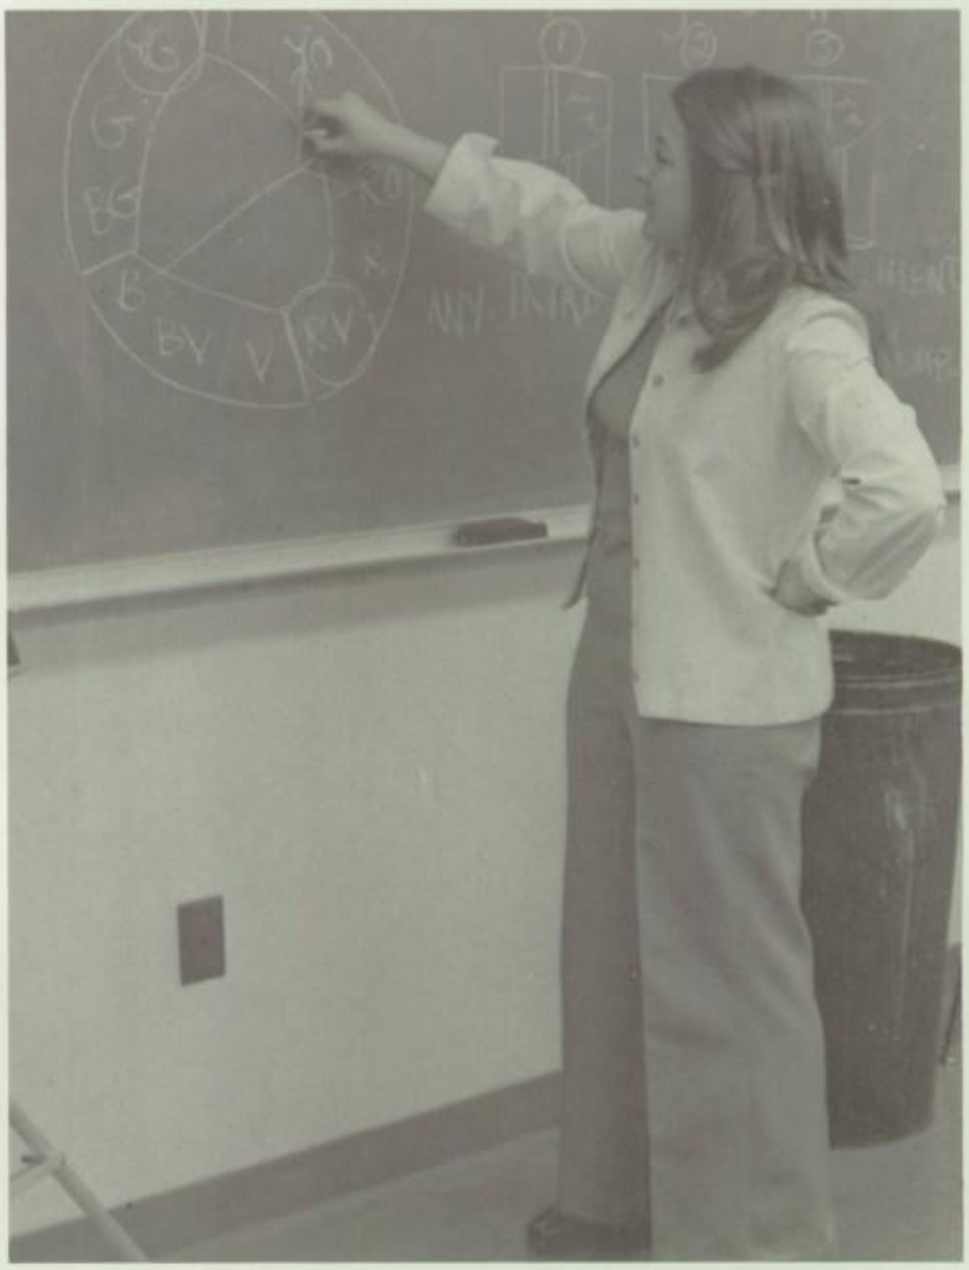
Mention "Art," and the old spine starts to tingle for a lot of people. If drawing, painting, or sculpture is your thing, you'll find company in Basic Art. For the job-oriented, Commercial Art students explored advertising, fashion and interior design. Silkscreening projects included greeting card designs and T-shirts.

Janey Harrison

Linda Wilson

Absorbed in their work, art students enjoy painting for both fun and profit.

Tony Hodges is working under the personal supervision of Janey Harrison, art instructor.



Knowing color and shading is essential to creating beautiful paintings, as demonstrated by Linda Wilson.

With a Pop Music assembly close at hand, rehearsals are in session for Virginia Erbert, Diane Graham, James Headrick, David Bright, and Monica Pierce.

Music

Honoring the Bi-Centennial was the focus for the Music Department this year. Strains of "You're a Grand Old Flag" and "Star Spangled Banner" resounded in voices and instruments as choral and band students paid tribute to America, proudly, reverently. Marching Band students and the Flag Corps sported new uniforms, black, red, and silver. The pride of the vocal department is a new Steinway Grand piano.

Typing classes are packed at East Central with a large segment of students preparing to enter the business world. Here, typists receive instructions before warmup drills and timed exercises.

Business

We learned about the outside world, those of us who took business courses, how to be good consumers from buying a car to life insurance and not get gypped. We probed the banking world and how to plan vacations on tight budgets. Typists tried to get five errors or less on timed writings; brief forms in shorthand messed us up when they meant two or three words. We found out how the business world is run and how we will fit into it.

English

Since everybody takes English, things have a way of happening in this department. Two new teachers sparked interest this year, Mrs. Judith Klenda and Mrs. Juanita Ellis. Sci Fi film *The Andromeda Strain* had us quiet in the auditorium for a change. Sophs grappled with grammar and got a lump in the throat from *Our Town*. Juniors took on technical research papers and dramatized *Macbeth*. The second year in the elective program, seniors spread their interests from Bible and Greek Lit to Business Communication.

English teachers agreed to help type Calliope. Here, Ruth Hatton takes her turn.

Reading for pleasure and comprehension receives emphasis in all classes.

"Research paper? No, I just wanted to see what's in the Vertical File drawer," claims Daniel Lindgreen.

Deep in concentration, Jim Lowe helps record reading levels in Marilyn Smith's class.

Foreign Language

"Bonjour Mademoiselle, Buenos dias, Ja, das ist richtig." These are all popular phrases among the Foreign language classes the first few weeks. Along with learning orally and from the books, cards, songs and games are mixed in with teaching. Clubs are a big thing with the Foreign Language department and they are always cooking up activities such as breakfasts, picnics, and the big whing-ding, the International dinner. If you're in German, you may be lucky because one thing Mr. Schulte doesn't like is too much homework.

Publications

Yearbook and Journalism always have a lot in common. Just ask students about deadlines; then listen to the wailing. The biggest thing in yearbook this year is the all color section for seniors. The J-students whirled into the television limelight as they participated in "High School Highlights" on cable television Channel 26.

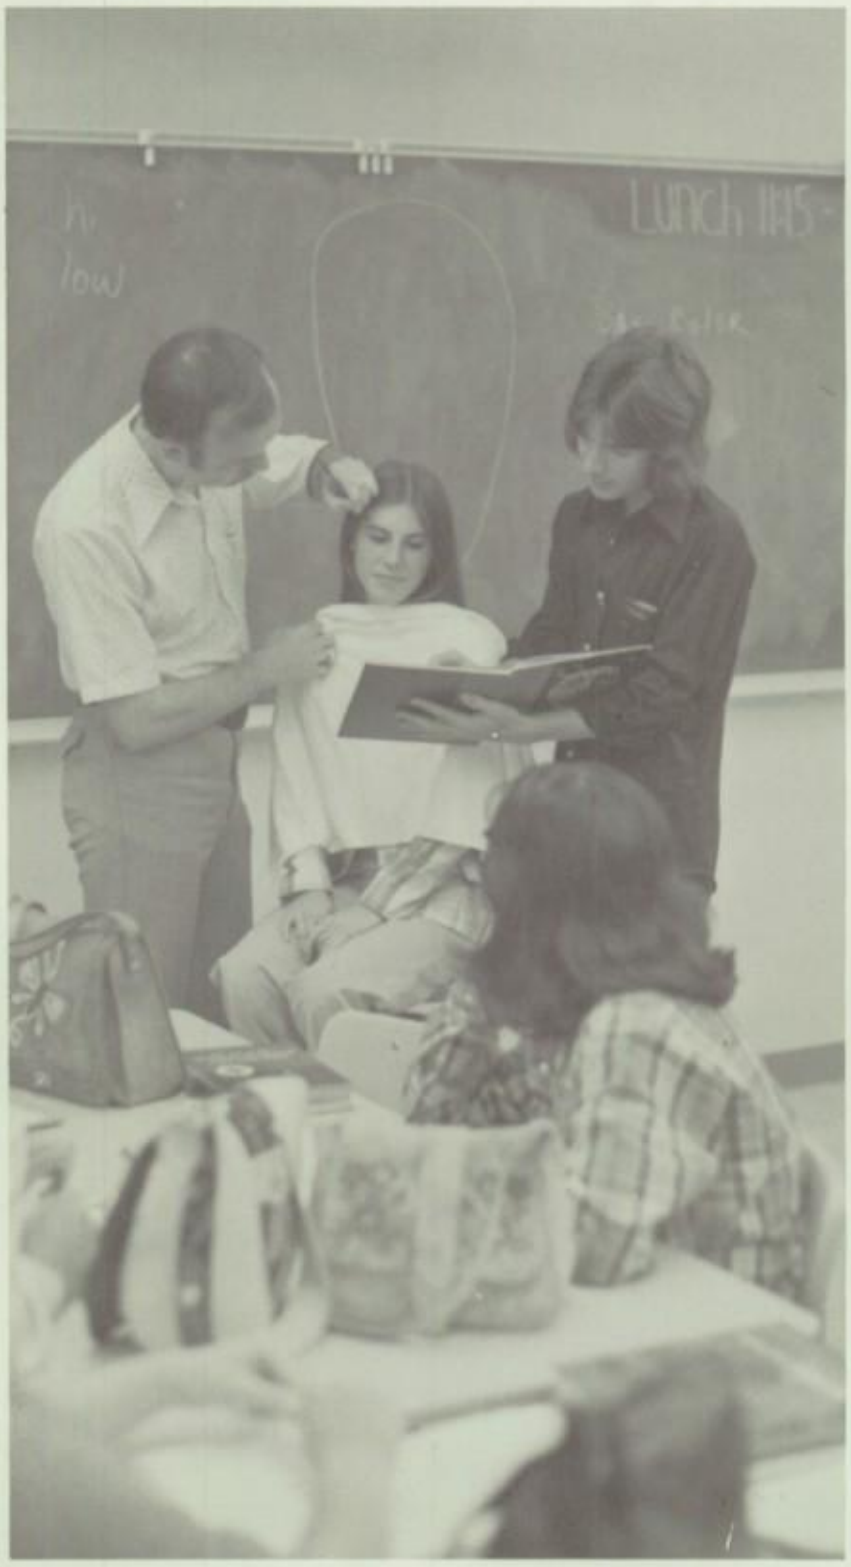
Journalism students Chris Broyles, Lisa Stuart, Randy Adams, Kelly Lawrence, and Richard Bewley are finalizing copy for *The Chronicle* and first TV show.

Excitement runs high in yearbook when Enterprise picture rolls come back for identification. Getting ready to swing into action are Gail Vickers, Marijo Cheek, Kelly Lawrence, James Jackson, and Chris Marple.

Debbie McDaniel and Cheryl Hawkins look for clues in a game of Charades.

Drama

Have you ever wondered how it would feel to direct a play? Design your own costume? Make a set? It all takes place in Drama. Drama I students find themselves speechlessly in pantomimes and charades, while Drama II and III students interpret scenes from famous plays. All levels participate in speech contests.



Randy Blair demonstrates the art of stage makeup to Mark Loveless, Carolyn Johns, and Betty Odom.

Beth Champion, Kaline Burke, Charlotte Myers, and Beth Workman put on a little pre-curtain horseplay.

Homemaking

Many of us are discovering this year what a school goal, "That each student graduates with a saleable skill" is all about. Translated, that means what we learn in Home Ec may get us a job. It isn't all learning how to mix flour and shortening and how not to scorch the butter in Foods. It's more like cake decorating, or the in-and-outs of food service careers, grocery stores, and catering services. In clothing, we angle toward professional work in alteration, dressmaking, clerking in ready to wear and yard goods stores.

Mathematics

Everyone uses mathematics at one time or another, so East Central's department offers a wide spectrum of courses to meet the need. Elementary algebra teaches you to figure percentages, fractions, and ratios. From this you can learn to mix cement, crop a picture, double a cookie recipe, take a census. Geometry teaches logical reasoning. Though it may be a formal study of definitions, postulates, proofs, and theorems, even the ancient Egyptians knew a form of Geometry for land measuring. Career possibilities broaden with each course a student takes.

Physical Education

Physical education instructors go right along with President Ford's physical fitness program, and so do the students. Even though towel counts and gym clothes aren't always very popular. Competitive sports for girls are gaining popularity, as the "weaker sex" gets ready to enter the varsity ranks of tennis, gymnastics, volleyball, track and field. Boys Advanced P.E. classes pitted muscle and skill in the "P.E. Bowl," a contest of champions between the 2nd and 4th hour classes.

Science

If you say something stupid in Chemistry, you may get Mr. Ward's "Golden Baloney" award, but most students get a lifetime of information from science classes. Biology students study organisms from dissecting frogs to culturing bacteria. Future careers in medicine and related fields spring from E.C. science courses.

Social Studies

Tracing historical events to the Bi-Centennial year was a major emphasis in history classes. Charts, maps, posters, reports and movies contributed to East Central's colorful classrooms. U.S. history students debated lively issues such as whether or not energy sources should be placed under Government control and probed economic reasons for the Civil War. Andient, Medieval, and World History students discovered how past, foreign civilizations contributed to the concept of Democracy.

Clerical Staff

Any girl who wants to be a secretary should get acquainted with East Central's office staff. The typing, shorthand, PBX, and telephone work are all there, wrapped around the magnitude of serving over 2,000 "bosses": students and faculty. Attendance clerks average from 250 to 300 telephone calls daily, checking on absences and truancies. Other duties range from maintaining transcripts to banking and schedule changes.

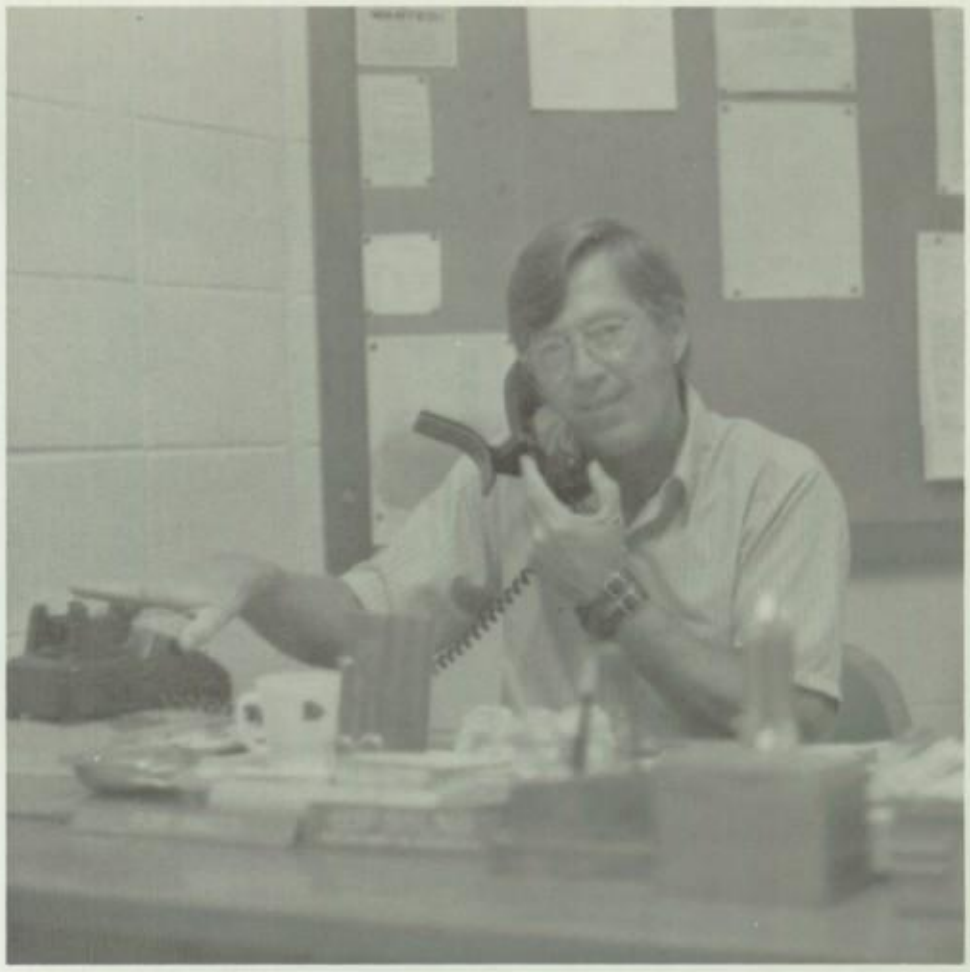
Marilyn Moore, school service, and Dottie Bewley work out a pick up route for odd-hour cards.

Just keeping track of the teachers' mail box is a time consuming job for Selma Beair, especially when mail comes from three sources: U.S., the Education Service Center, and intra-office.

To keep the office running smoothly, here are four important staff members: Mary Laughlin, LaNita Phillips, Selma Beair, and June Aldrich.

Service Groups

Adults are always working behind the scenes, making sure that teenagers get the most out of school, whether it's work or play. The P.T.A. cabinet meets once a month with Mr. Payne to coordinate programs such as Back to School night. Mothers and homemakers manage the kitchen and three serving lines of the cafeteria. Manager Mildred McNeill offers fried chicken and cinnamon rolls whenever she can. Bob Sneed, maintenance engineer, correlates building needs from pencil sharpeners to the air conditioning system.



Teachers and students alike wonder what they would do without Bob Sneed, Maintenance Engineer.

P.T.A. officers are Carol Darby, President; Rita Tilman, 1st Vice-President; Carlene Tallent, 2nd Vice-President; Estlean Bales, Secretary; Mary Palmer, Council Delegate. Not pictured is Pat Ragsdale, Treasurer.

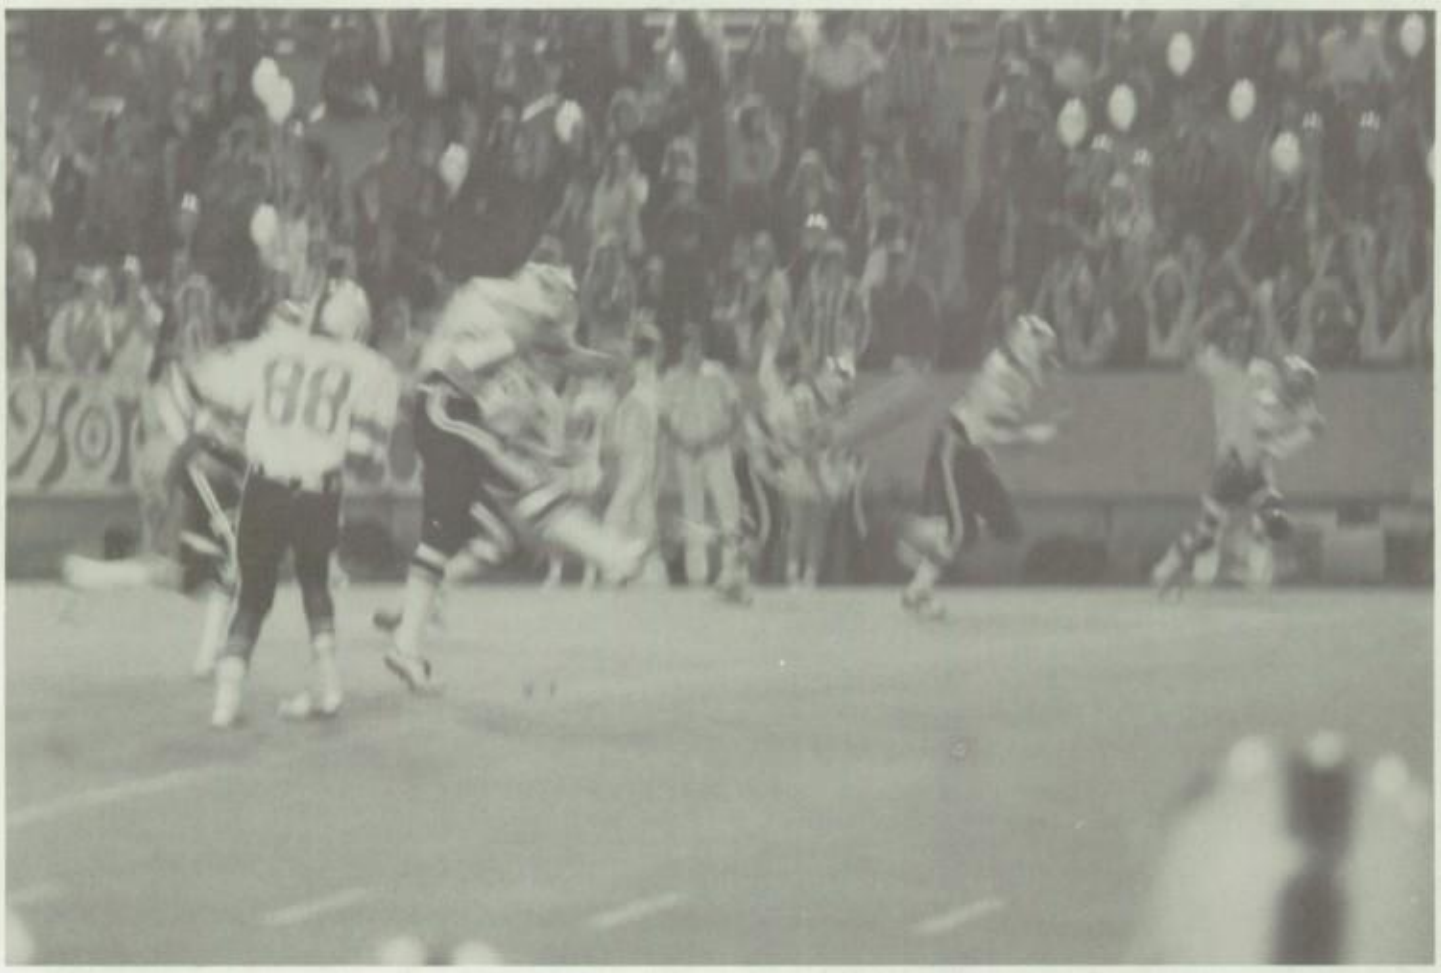
Cardinal Kickoff '75



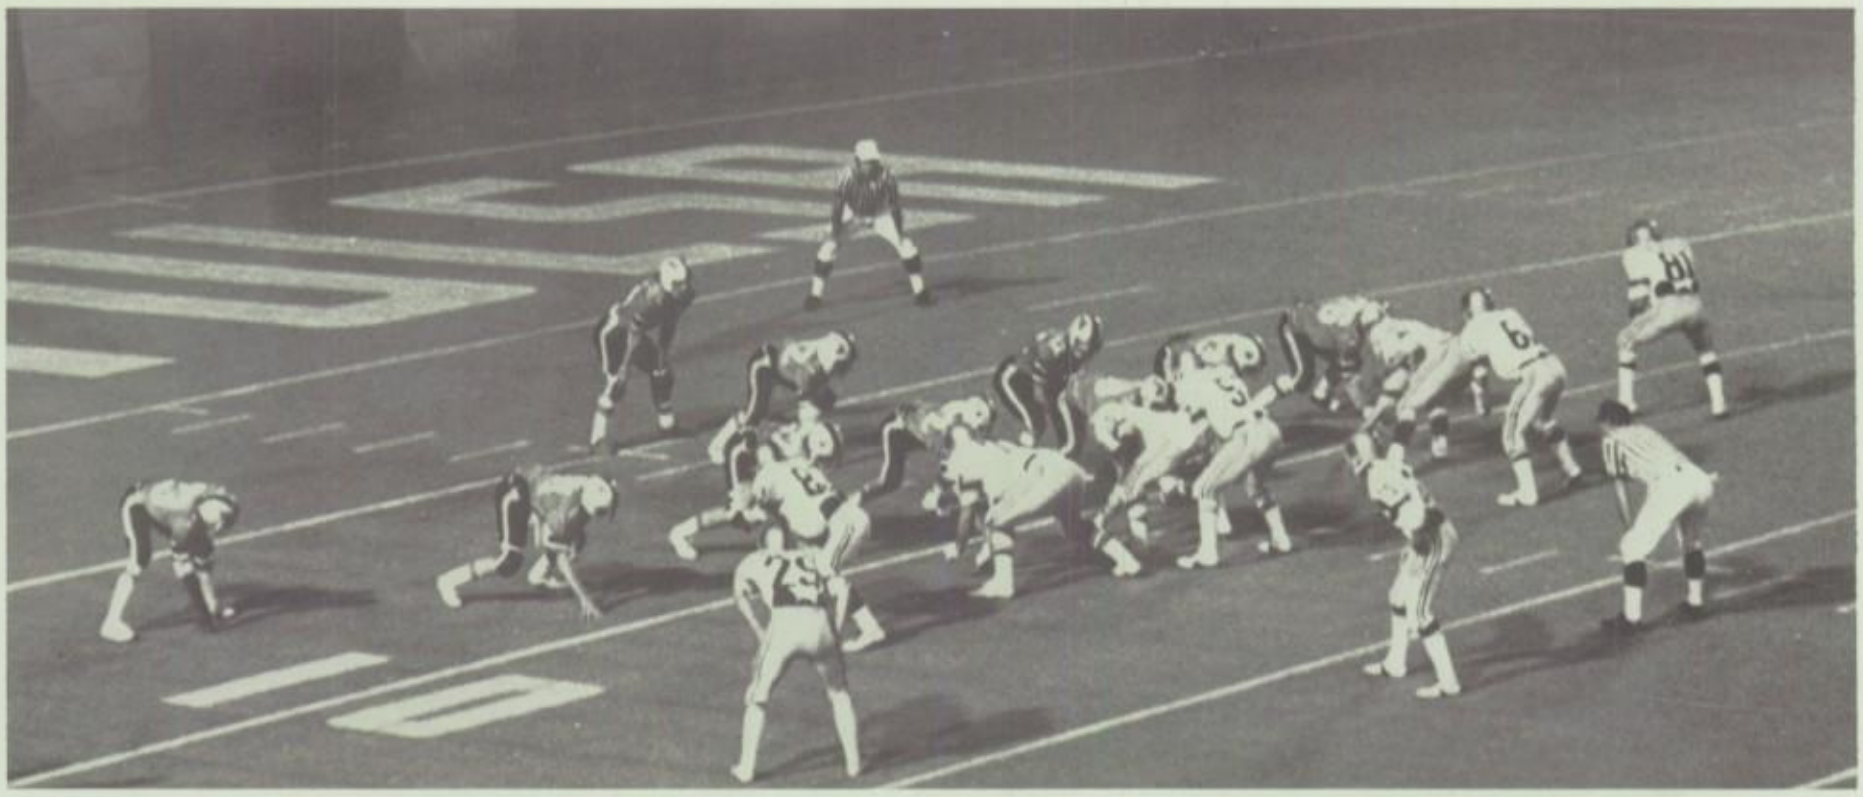
We Hope To Fly High In '75

The Cardinal kickoff came with new spirit and drive in '75. Packed with more senior spirit and leadership than in recent years, the outlook was bright. Led by three year lettermen Bill Vining, Matt Flindt, and Doug Biggers, the hopes were high. Each week brought new challenges and another tough opponent to test our talents and improve our record against.

Though the final record showed only a 3-8 won-lost record, it did not show the new team pride instilled in the team and the vast improvements made overall. We will be back; bigger, better, and stronger, to hopefully once again dominate the Indian Nations Conference.

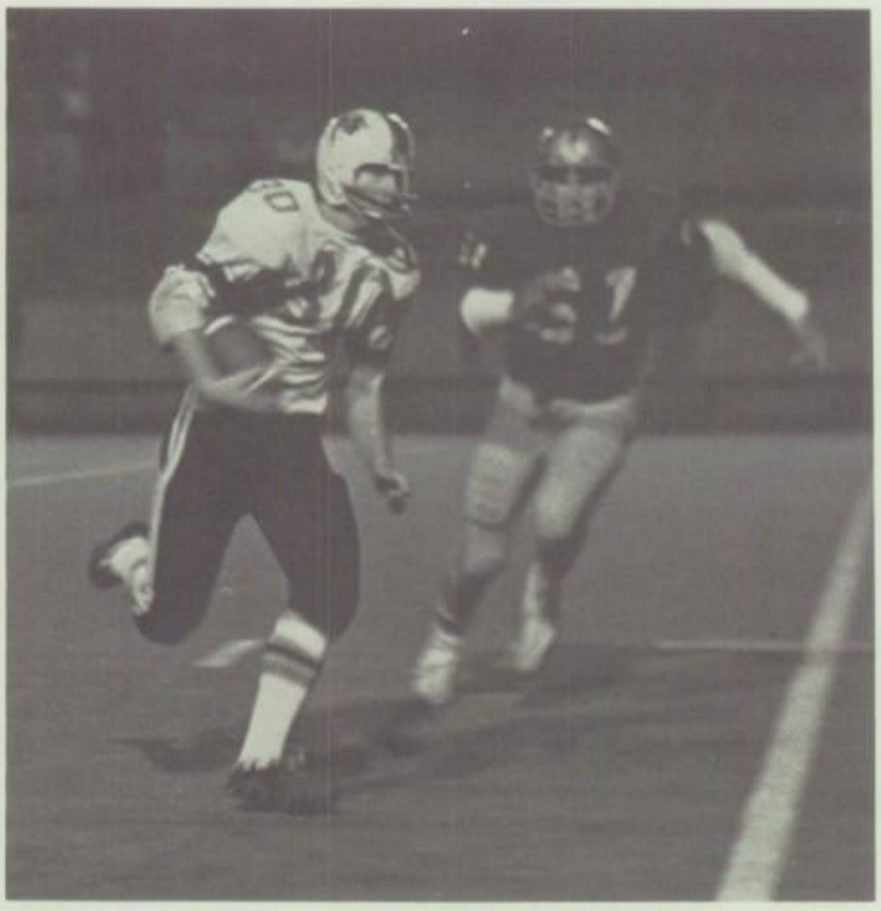
The potent Card offense sets up for a scoring drive against Central High School.

Vining gives to Majors up the middle vs. Central.



The defense sets up to hold back a Ranger threat.

Cards are flying high after defeating Central at the Homecoming 9-6.



Steve Majors, a hopeful future star that looked good this year, breaks into the clear vs. Rogers.

. . . The Coach

. . .The man. The man who tried, the man that in some eyes failed, but the man who had the guts and determination to keep on trying. The man that maybe never had the support he needed and deserved, but the man who trudged on, never looking behind. He took a hard road, and now he's reached his end, but not without a salute to him, the coach; the man; the Cardinal salutes you, Ron Bloom.

Cardinal Roundballers '76

With a disappointing season behind us and a good future ahead, we tried our best with what we had due to the aggravating ankle injuries to senior Bruce Binkley which set him on the bench for much of the second half of the season. At times we looked like a "bunch of chickens running around with our heads cut off," but the hustle and extra effort often made up for these mistakes. With the backup of first year head coach Roger Lefler, we never gave up even though it doesn't show on the scoreboard.

Cardinal Grapplers-'76

Slamming and slugging opponents to the mat again this year, the Cardinal Matmen grappled through another highly successful season. Constantly pinning their opponent back towards a conference crown, the Cards carried a 7-1 record into the 2nd annual showdown with Ponca City. Although not as much "official" help was there, the Wildcats still got away from the Cardinal claws with 21-21 tie. This season showed another win over the 21st Street "Studs" and several outstanding underclassmen like sophomore sensation Tracy Kramer, Junior Kevin Ryan and always consistent Billy Forrester, with Kramer and Forrester finishing 3rd in the state and East Central finishing 9th as a team. With these returning alone with several other promising juniors and sophs, coach Tom Graddy, The Graddy Bunch and East Central can once again enjoy the limelight of a 4A wrestling power we've had for the past few years.

A lot of bleachers, work on sprints, getting out of the blocks, and four corners. It all adds up to a successful season. With returners like Dixie Haymes in the mile and 2-mile and Paul Carter in the mile and 880, EC's chances of losing are greatly reduced. In the sprints, Eddie Wells, and Gary Cheesebrew take over. Both, running the 100 yard dash and 220, have high hopes at grabbing a few more medals to add to their collections, and some championships for the school. Whether we win or lose, our pride as a Cardinal always shows through.

Coach Larry Ballard clocks some always improving times.

Paul Carter rests during a tough practice workout.

EC tracksters "stretch it out" while waiting for their respective events.

Senior Gary Cheesebrew hopefully promises EC with a lot of wins in the sprint events.

Charger Relays - 12th

Mason Relays - 6th

4th in Conference

The E.C. "Guppies", under the leadership of "The Head Shark", Doc Phillips (better known as Jaws) did well this year in the watery sport of swimming. Though few in number, each individual showed dedication and a desire to win, well exemplified by 12th place in the Charger relays. Keith Martinkewiz broke the school record in the 100 freestyle. Although not everyone broke a record this year, each individual did an excellent job of representing East Central in the swimming pool.

Cross Country Cards

The ultimate in agony can be found on the cross country course. Over mounds and ditches, in the cold and the rain, the Cross Country harriers once again stumbled, strained and pained across the marshes and meadows of the tough three-mile courses. Led by senior Dixie Haymes, a three-year letterman, the C.C.'ers once again enjoyed the thrill of victory often. With plenty of underclassmen to return, the future outlook on the cross country course will again look bright next year.

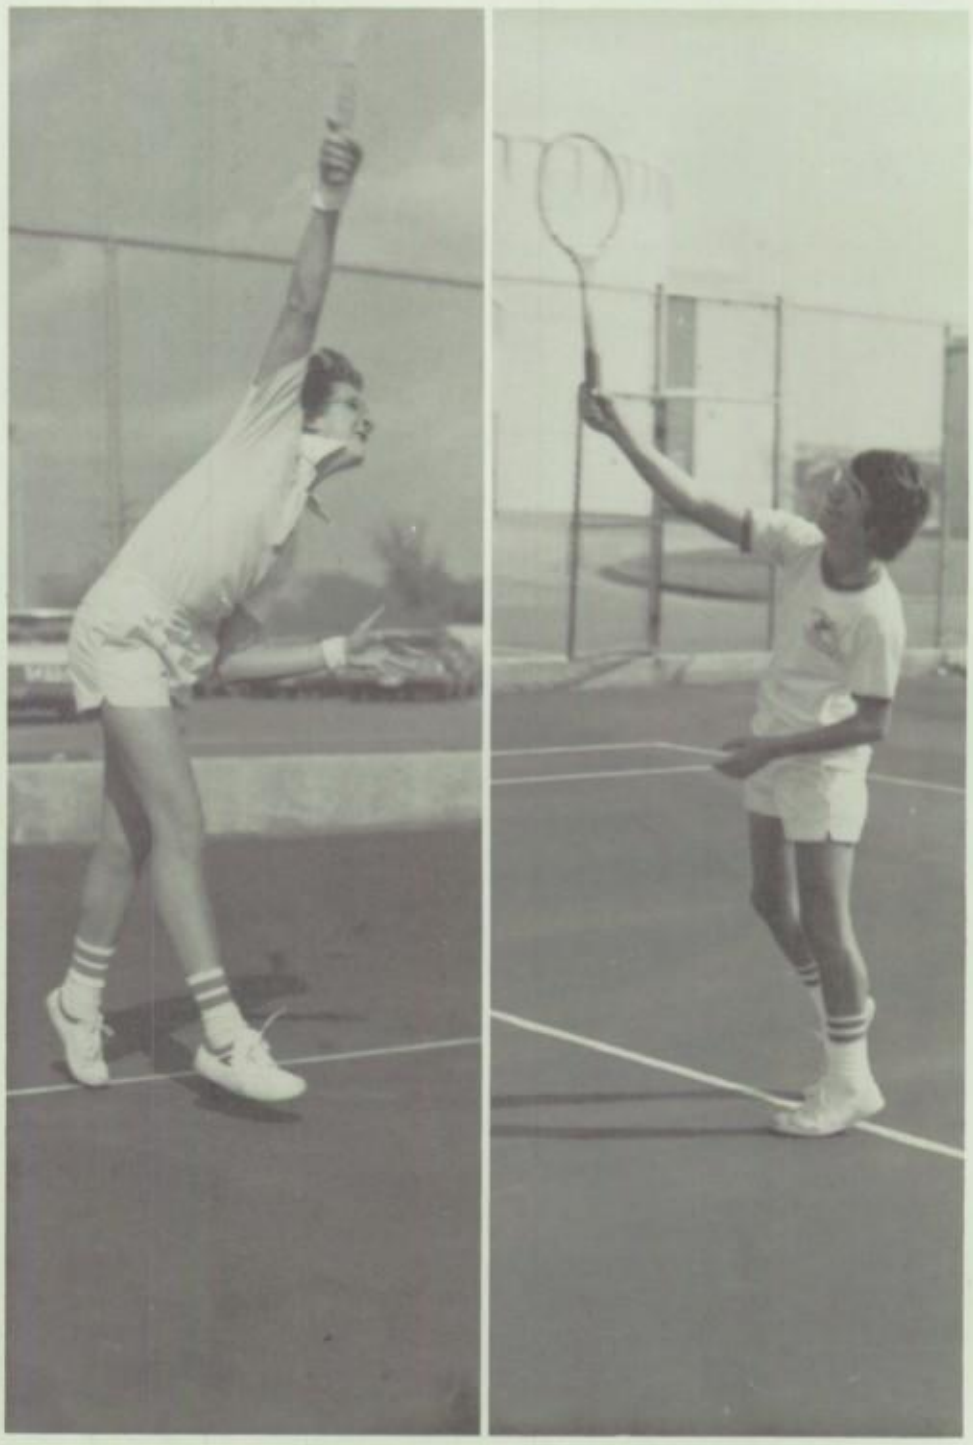
Front row- Mark Shelby and Randy Kivlin Back row- James Jackson, Paul Thompson, David Hicks, Paul Carter, Chris Nichols, and Mike Coble.

Tennis

Starting the season in the middle of winter, the E.C. team battles with cold, snow, wind, and rain, but this doesn't take away from their aggressiveness and determination. Hard work on offense and quickness on defense prepared the team for another hard-fought season, under the guidance of first-year coach Mike Phillips. Returning lettermen Jim Zodrow, Dale McKenzie, Mike Wyatt, who placed in city competition last year, and Bill Jarvis, all led E.C. to its first winning season in tennis in 1975 since the school opened. This year the team met such teams as Hale, Rogers, and Memorial in competition.

Aggressiveness at the net assets Jim Zodrow.

Steve Moore, Jim Zodrow, Dale McKinzie, Carol Cox, Coach Phillips, Bill Jarvis, and Mike Wyatt.



Mike Wyatt and Steve Moore work on serving techniques.

Tim O'Toole springs forward in total deep concentration.

Golf

Putting and chipping through a new season, EC's puttermen birdied and bogied against more stiff competition. With a lot of new Sophomores and a new look in the coaching ranks with first year coach Tom Langham, we still managed to find our golf balls floating in sand traps and sinking in water holes, but with a lot of new faces and work ahead, birdies and aces in the hole will come easier in future years.

Randy Dulaney and Steve Tincup practice important fairway swings.

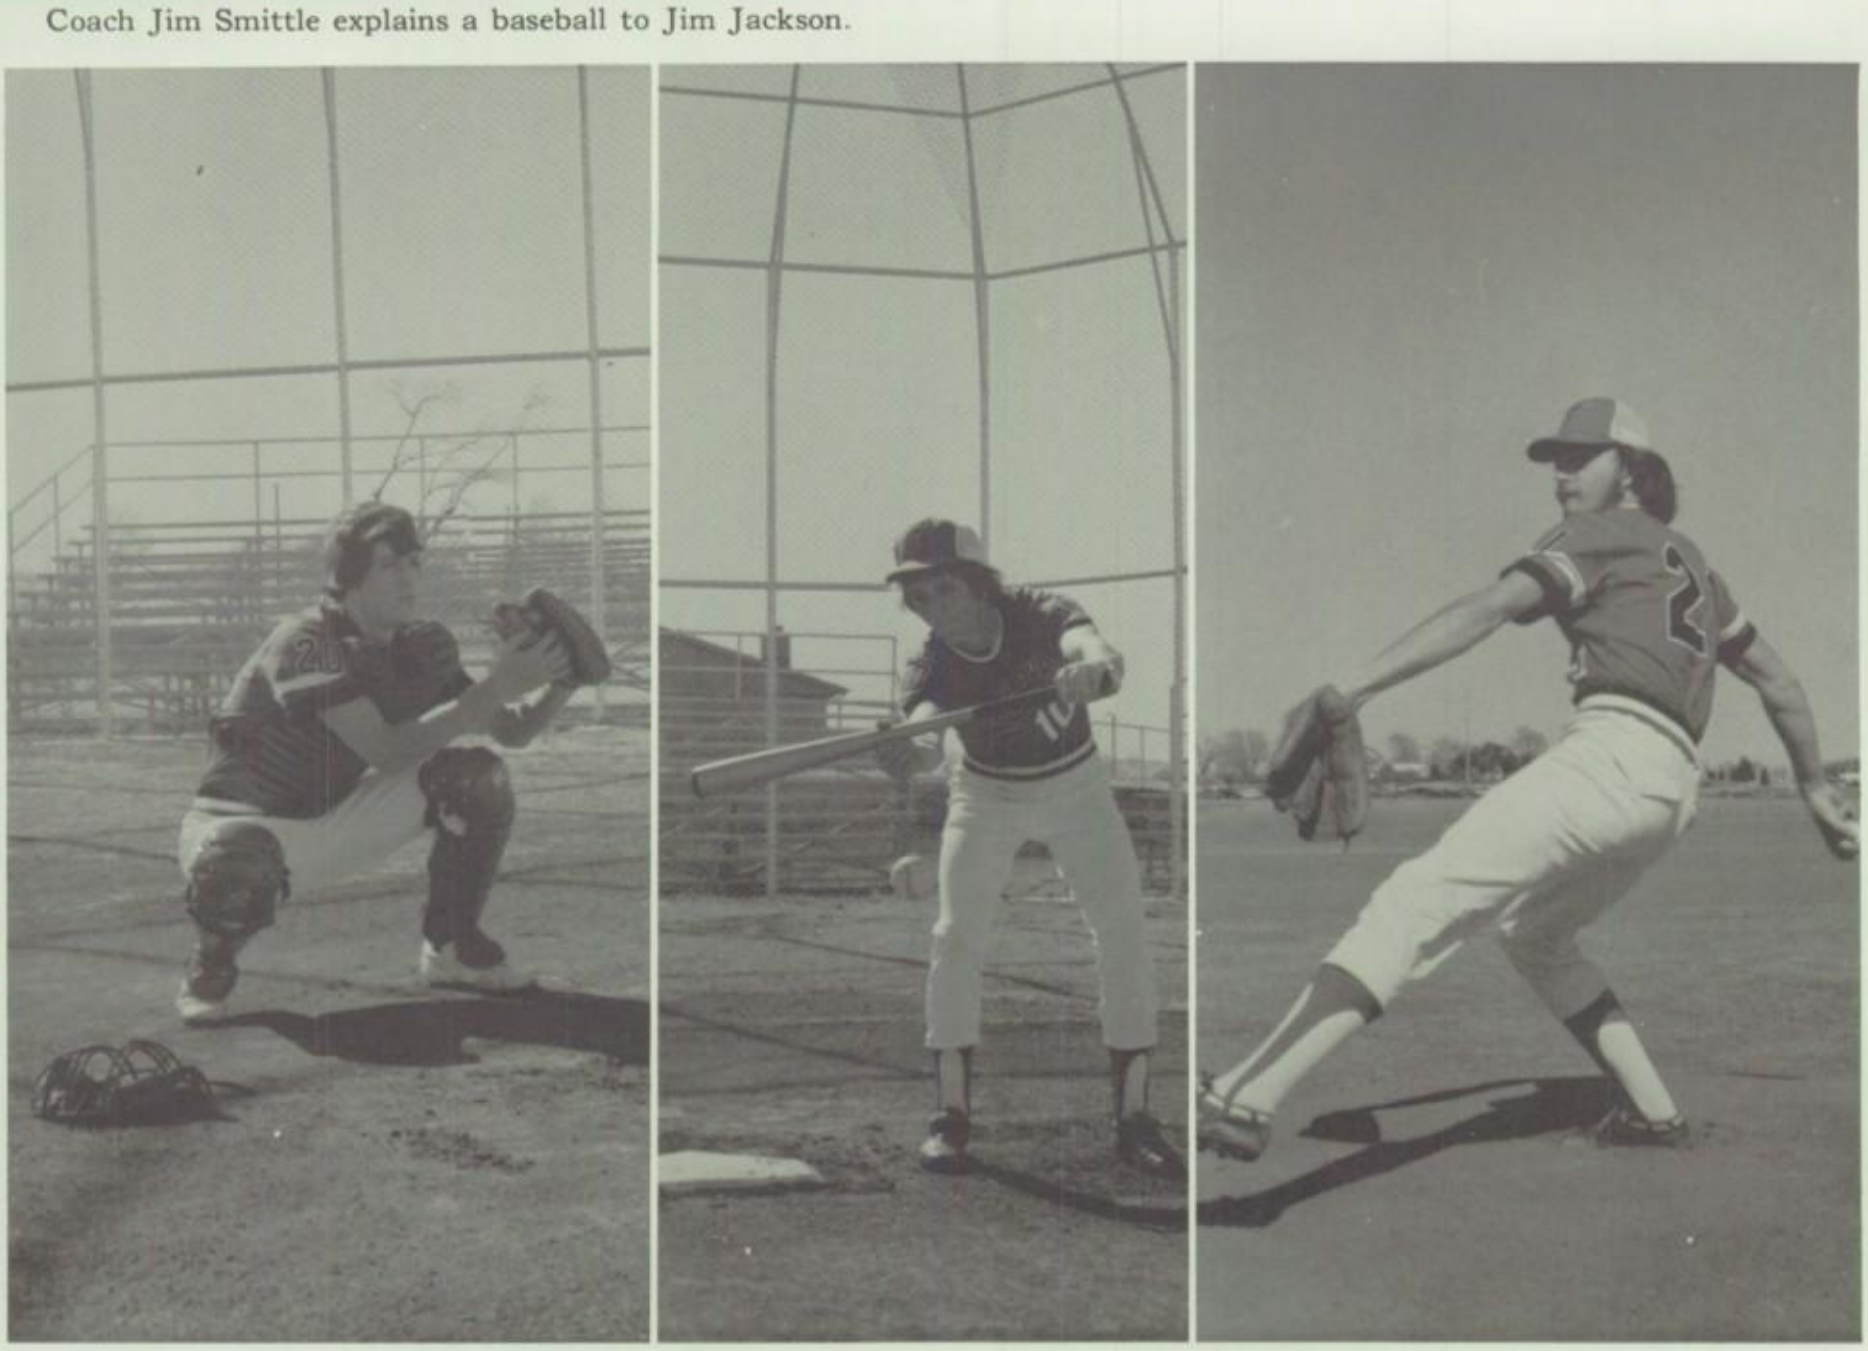
Phil Vandendool, Tim Kincaid, Tim Yoder, Rusty Miller, John Stancavage, Randy Dulaney, Charles Bibb, Tim O'Toole, Mark Miller, Don Beams, Chuck Woodard, Steve Tincup.

Baseballers

Cardinal

1970-State champs, 1972-state runnerup, 1975-state runnerup. An impressive record, a lot of proud tradition. The E.C. Baseball team is where it's at. We're the guys who've put the most brass and wood trophies in the case in the past seven years. Lots of work; like sweaty faces, blistered hands, sore arms, and aching legs. We took to the field with an old look on us, the basic over-the-ear, off-the-collar haircuts, and a new look at the coaches box with Coach Smittle being elevated to head coach and Coach Taylor being named his assistant. Packed with more than enough talent and experience, the only place to shoot for was State champs. With a new coach, a new attitude and a closer-knit team, we knew that was the only place to go.

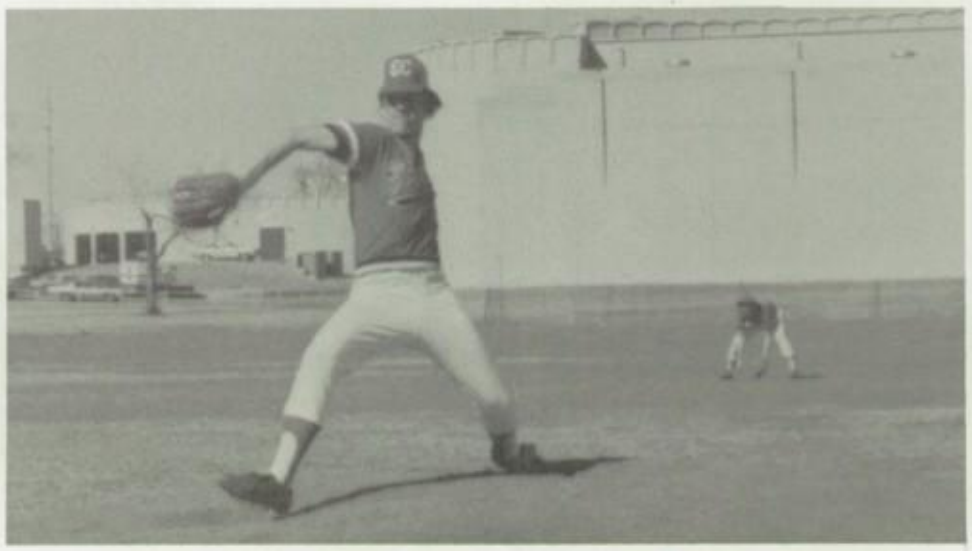
Coach Jim Smittle explains a baseball to Jim Jackson.



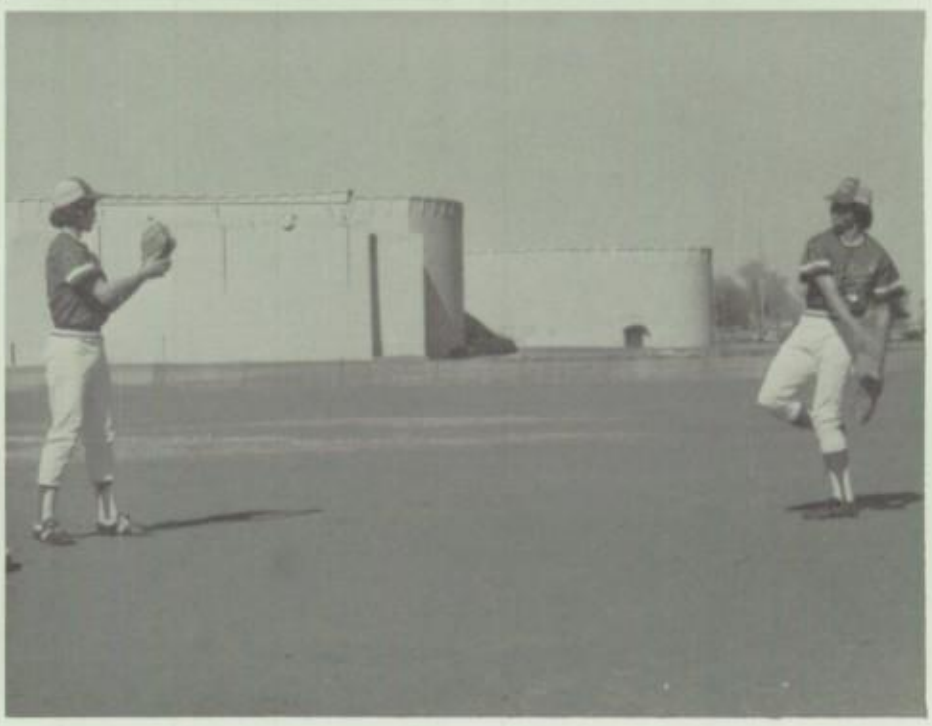
Hitting, throwing, and catching: the three bases for the Cardinal baseball tradition.

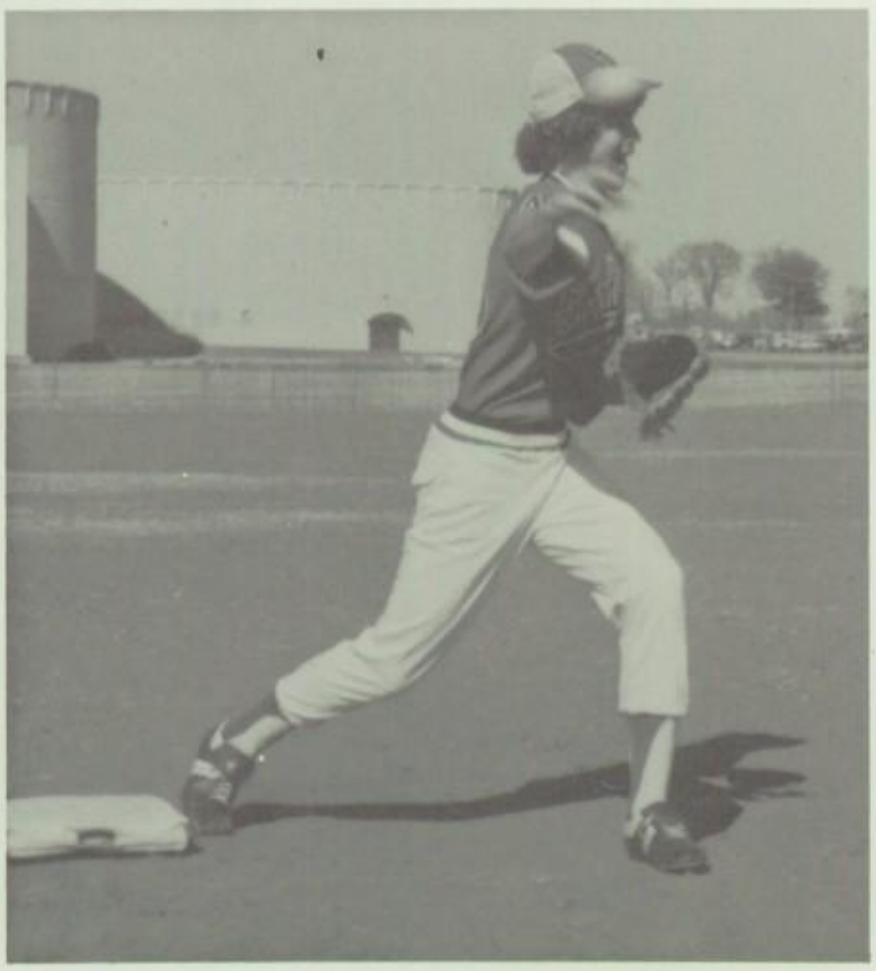
Senior Tony Hamby lays down the always important bunt.

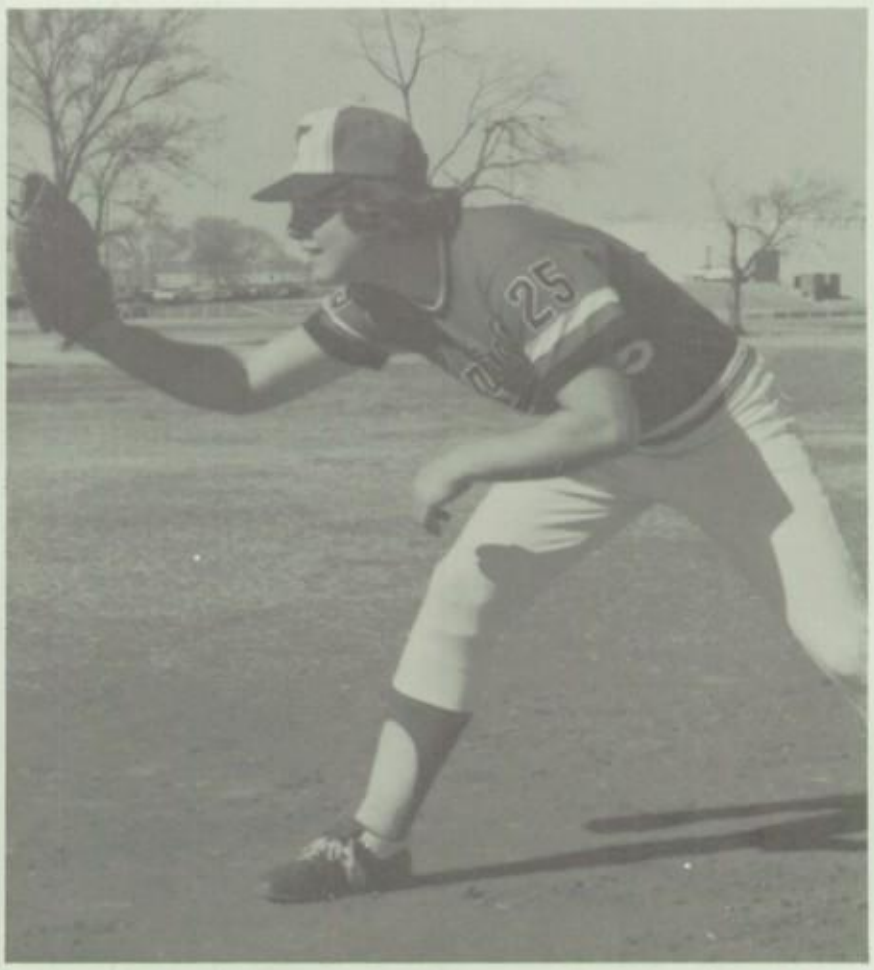
Senior Jimmy Jackson sets in to hit a "wormburner."



Junior Jim Hoffman rocks to fire one home.







Brian Beair pivots towards first as Steve Majors stretches to bring in the throw.

Coach Smittle, alias "The Great White Leader of Baseball," directs the warmups.

1975 State Runnersup.

Kneeling: James Jackson, David Majors, Steve Majors, Randy Cook, Rusty Crow, Tony Hamby, Ted Williams, Tim Trantham, Mike Burnett. Standing: Coach Bob Taylor, Gregg Bradshaw, Jim Hoffman, Steve Scott, Greg Payne, Jerry Crockett, Stan Rickner, David Hicks, Bob Gruenberg, Brian Beair, Coach Jim Smittle.

The "Jockettes"

Kari Schleicher, Kristi Schleicher, Pam Yerton, Terrie Marrs, Judy Nelson, Kelly Lawrence, Paula Patton, Jan Powell, Jeannette Blosch, Kathy Ruskoski.

Girls Varsity Gymnastics and a woman coach are both a "first" for East Central this year. The season starts in February and goes through April with nine dual meets and one invitational. Areas of competition include free floor exercise, uneven parallel bars, balance beam and side horse vaulting, with the possibility next year to include basketball. Girl "Jocks" are not only a new way at East Central, but also a new tradition.

A Look At Our Coaches

A quick look, but a long memory. These are the guys that work round the year, before, during, and after school. Taken advantage of, yes. Appreciated always, no. But they'll still be remembered by the guys they coached, and the fans who watched them work. And to Eddie Dyer, our A.D., special thanks for being the guy behind it all. So, coaches, soak it up and remember it, you sure deserve it.

Hall Of Fame

Students in the Hall of Fame are nominated by every faculty member in the school. The faculty is allowed to vote for ten students. The number of students elected must not exceed ten percent of the graduating class. Students are picked not for academic purposes, but for anything they may excel in: for instance, an excellent runner in the cross country, or a beautiful soprano voice, or even a seamstress that can whip up a tailored jacket. All the things that make up a well-rounded person are what make an honorary Hall of Fame student.

Seniors, '76

With Blessings From Above . . .

Graduating, the culminating point in a student's life, represents the end of one life and the beginning of a new one. The student has ultimately reached the goal that countless youths have dreamed about. A Senior is now ready to enter a world of hardships and joys. He can always look back at the memories he has created at school, the prom he attended, the football games, the yearbook sales, the scurrying and bumping to get to class, the friends, and finally the minute that diploma hits his hand. A person's senior year is a time to reflect both on the past and the future.

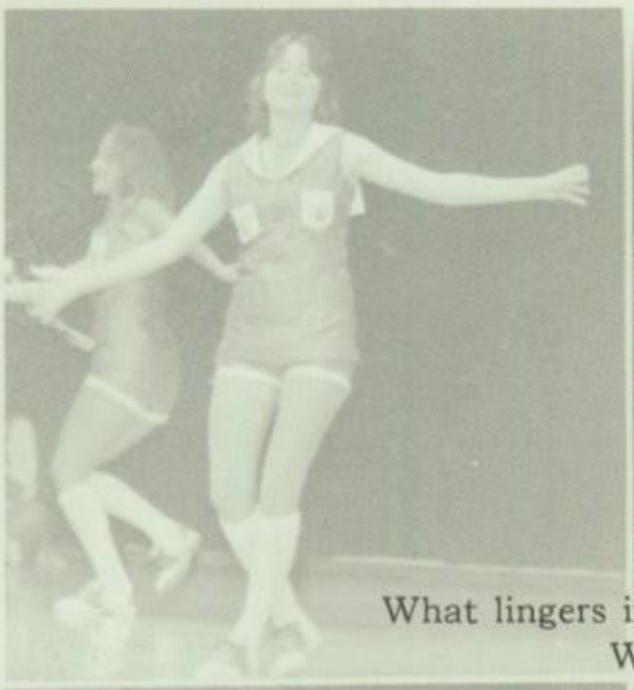
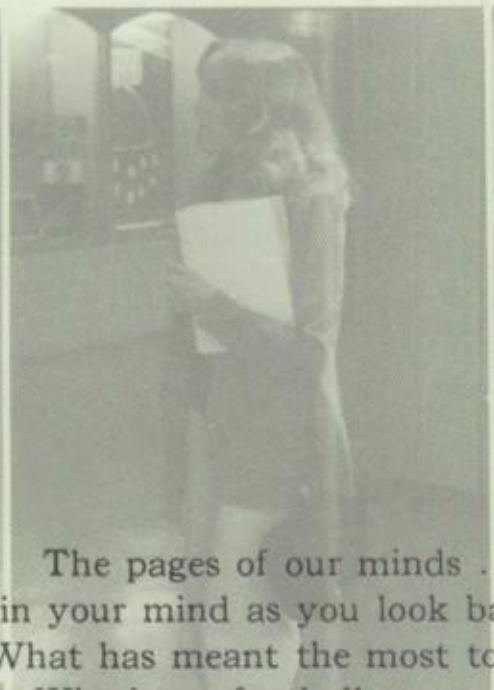
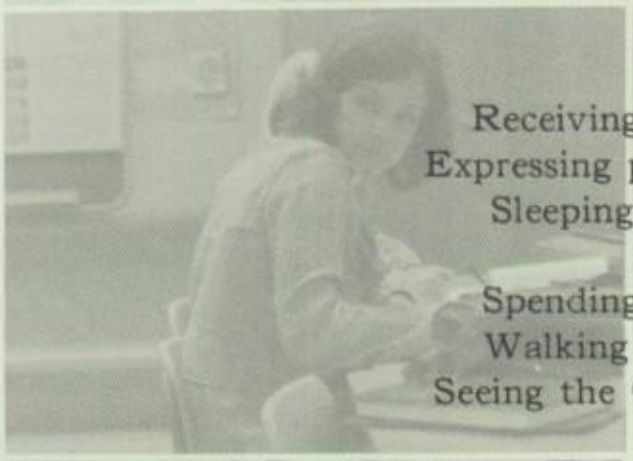
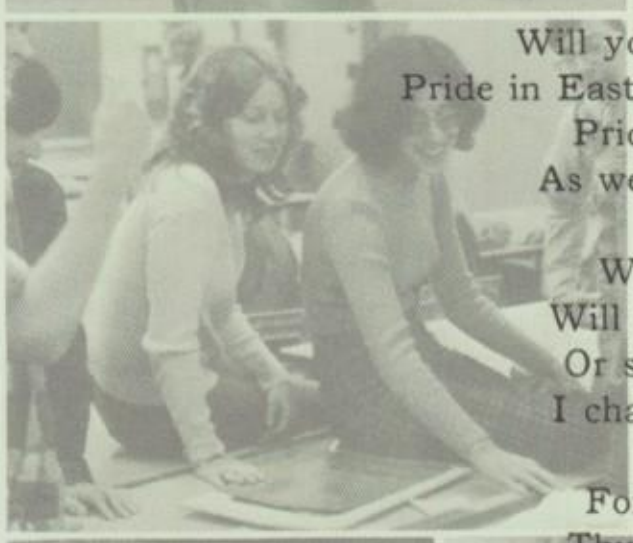
GiGi has the honor of reigning over the Bi-Centennial year.





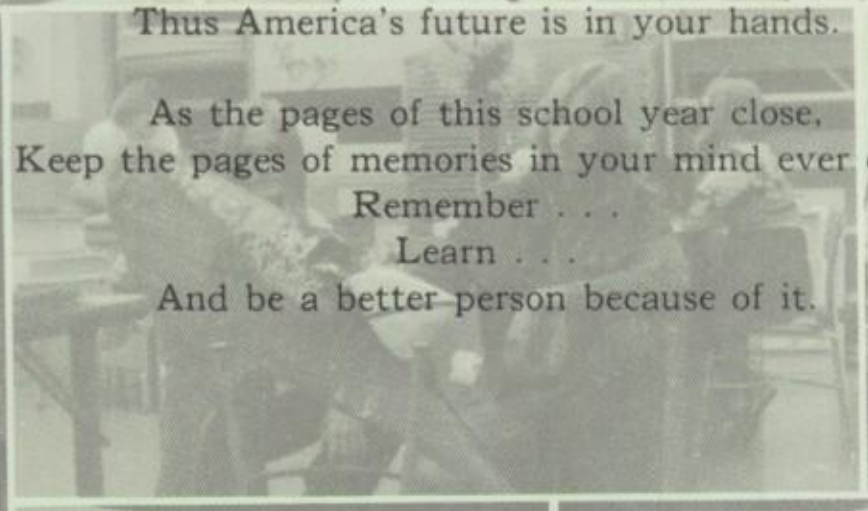
The pages of our minds . . .
What lingers in your mind as you look back over this year?
What has meant the most to you?
Winning a football game . . .
Dressing up in 50's garb . . .
Receiving a carnation during Valentine Week . . .
Expressing pride in your country on Patriotic Day . . .
Sleeping in for a week during Spring Break . . .
Dressing up for the Prom . . .
Spending the last week of school at the lake . . .
Walking down the aisle to get your diploma . . .
Seeing the Class of '76 together for the last time . . .?





Will you look back with pride in your heart?
Pride in East Central, home of the fighting Cardinals . . .
Pride in the United States of America,
As we celebrate 200 years of freedom . . .?

What will you do with your future?
Will you work to make it what you want
Or sit back and let fate take its course?
I challenge you to make tomorrow bright
by sowing seeds of hope today;
For your future is America's future—
Thus America's future is in your hands.



As the pages of this school year close,
Keep the pages of memories in your mind ever open.
Remember . . .
Learn . . .
And be a better person because of it.

We, the Seniors of the Cardinal Staff, wish to express our appreciation to all those who had a part in making this book of memories: Our biggest thanks goes to the one lady, Mrs. Armstrong, who, without a harsh word, but a lot of encouragement, gave us the know-how and determination to complete the Cardinal of '76. Juniors Marijo Cheek, Lea Ann Parks, Ellen Riley, Monnie Webb, Gail Vickers, and Terry Walker were a big help to Carrie, Susan, and Kathi on classes section. Jeff Forrester worked under James on Sports. Kelly Lawrence and Leslie Hunt helped Sherri put organizations together. All of them had their hand in running errands, typing, and various odd jobs no one else wanted to do. A special thanks goes to photographers Steve Ingersol, Jim Zodrow, Chris Marple, Teri Marrs, and Mr. Mel Martin. One last thanks to you, the student body, for it was you who made this book.

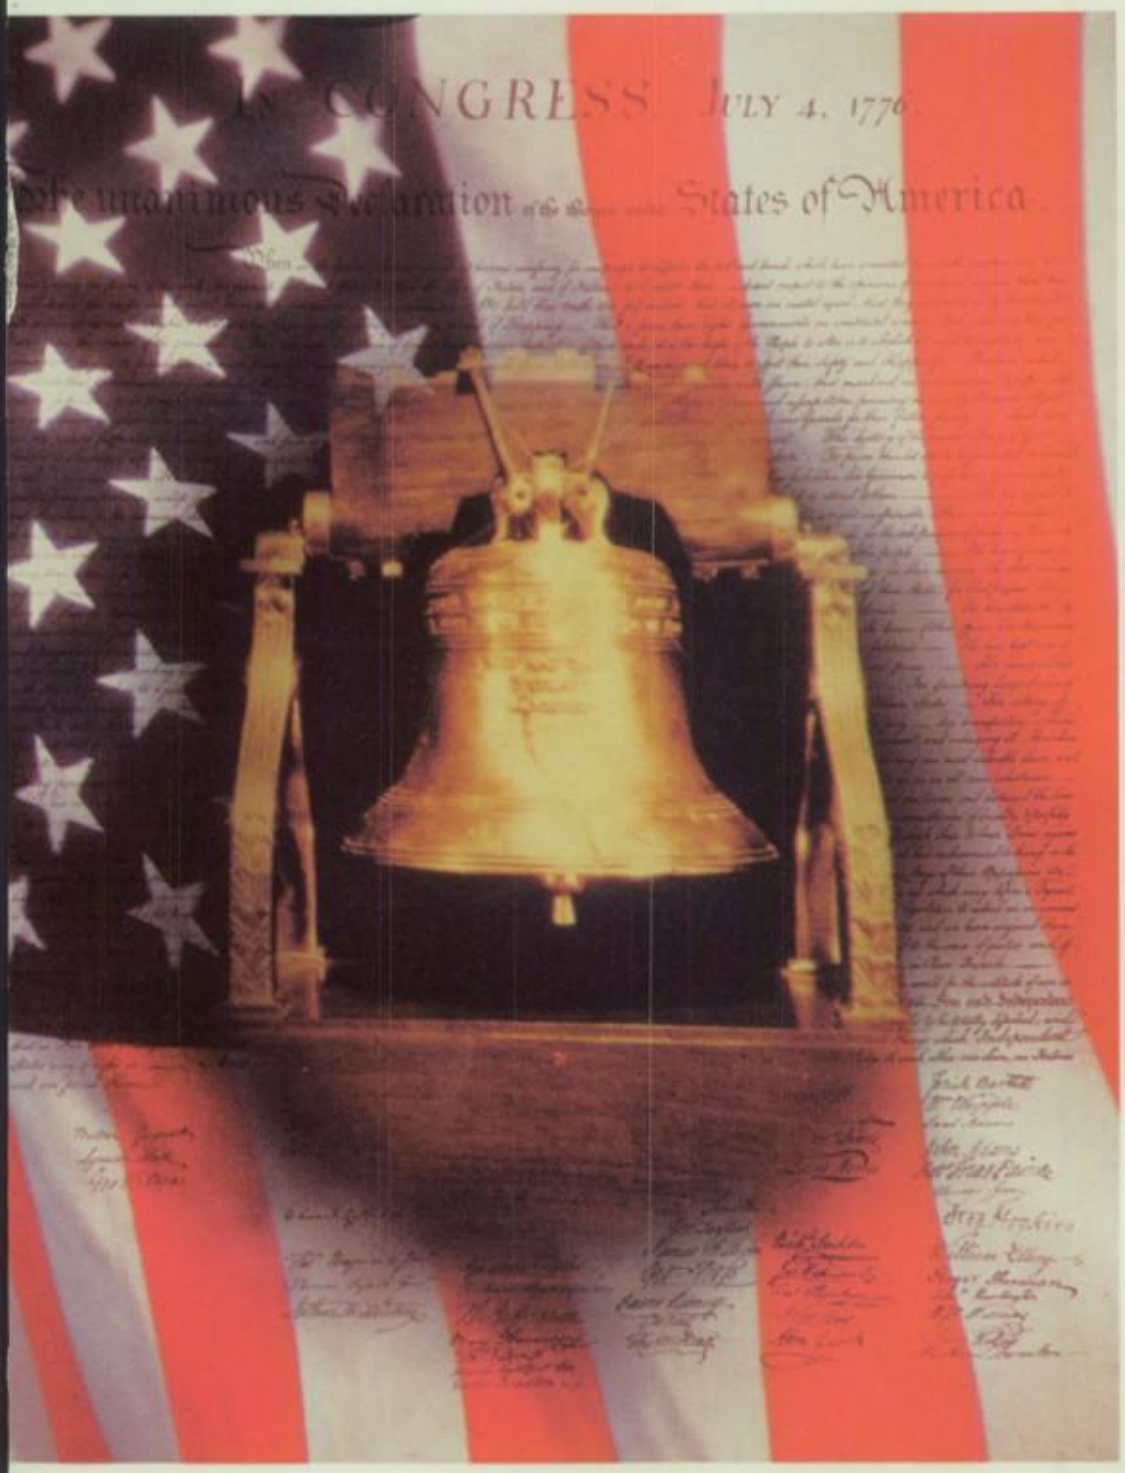
"I Am the Nation . . ."



I was born on July 4, 1776, and the Declaration of Independence is my birth certificate. The bloodline of the world runs in my veins, because I offered freedom to the oppressed. I am many things, and many people. I am the Nation.

I am 200 million people, living souls and the ghosts of millions who have lived and died for me.

I am Nathan Hale and Paul Revere. I stood at Lexington and fired the shot heard around the world. I am Washington, Jefferson and Patrick Henry. I am John Paul Jones, the Green Mountain Boys and Davy Crockett. I am Lee and Grant, and Abe Lincoln.

I remember the Alamo, the Maine and Pearl Harbor. When Freedom called, I answered and stayed until it was over, over there. I left my heroic dead in Flanders Fields, on the Rock of Corregidor, and the Black steppes of Korea.

I am the Brooklyn Bridge, the wheat lands of Kansas, the granite hills of Vermont, the potato fields of Wisconsin. I am the coalfields of the Virginias and Pennsylvania, the fertile lands of the Mid-west, The Golden Gate and the Grand Canyon. I am Independence Hall, the Monitor and the Merrimac.

I am big! I sprawl from the Atlantic to the Pacific, three million square miles throbbing with industry. I am more than five million farms. I am forest, field, mountain, desert. I am quiet villages and cities that never sleep.

You can look at me and see Ben Franklin walking down the streets of Philadelphia with his breadloaf under his arm. You can see Betsy Ross with her needle. You can see the lights of Christmas, and hear the strains of Auld Lang Syne as the calendar turns.

I am Babe Ruth and the World Series. I am 169,000 schools and colleges, and 250,000 churches where my people worship God as they like best. I am a ballot dropping in a box, the roar of a crowd at the stadium, and the voice of a choir in a cathedral. I am an editorial in a newspaper and a letter to a congressman.

I am Eli Whitney and Stephen Foster. I am Thomas Edison, Albert Einstein and Billy Graham. I am Horace Greeley, Will Rogers and the Wright Brothers. I am George Washington Carver, Daniel Webster and Jonas Salk.

I am Longfellow, Harriet Beecher Stowe, Walt Whitman and Tom Paine. I am Phillip Brooks, Billy Sunday and Bishop Quayle.

Yes, I am the Nation, and these are the things I am. I was conceived in Freedom and, God willing, in Freedom I will spend the rest of my days.

May I possess always the integrity, the courage, and the strength to keep myself unshackled, to remain a citadel of freedom and a beacon of hope to the world. This is my wish, my goal, and my prayer on this my birthday, two-hundred years after I was born.

"These Are the Times That Try Men's Souls . . ."

Thomas Paine

1/ Captain John Paul Jones unfurled the first *Stars and Stripes* over the ocean when the young nation's banner, containing thirteen stars and thirteen stripes, was hoisted aboard the *Ranger.*
2/ From the deck of the captured British vessel *Serapis,* Capt. Jones and his crew watched as the American man-of-war, *Bonhomme Richard,* sank in victory, September 23, 1779. With the aid of friendly powers—namely France and Holland—and the leadership of commanders like Jones, the American fleet was able to effectively combat Britain's naval supremacy in the colonies.
3/ General John Stark led the colonial forces to victory at Bennington on August 11, 1777. The victory, along with an American triumph at Saratoga on October 12 of that year brought France to the colonies' aid as an ally and was the turning point of the war.
4/ Outside of occupied Boston, colonial patriots organized themselves into a volunteer militia known as the *Minutemen.* On the eve of April 18, 1775, British troops numbering more than 800 were dispatched from Boston to seize colonial munitions stored at Concord. Forewarned, Paul Revere and others spread the alarm and the Redcoats were met by a determined band of Minutemen at Lexington. It was here that the famous "shot heard round the world" was fired. It is not known which side fired the first shot of that battle which marked the opening of outright hostilities and led to open war.
5/ The surrender of British troops under the command of General Charles Cornwallis at Yorktown on October 19, 1781, brought an end to all-out fighting. A few scattered skirmishes continued for over a year. However, complications of negotiation with England delayed the signing of a peace treaty for nearly two years. General George Washington, commander of colonial forces, accepted the British surrender at Yorktown and later presented the captured British flags to the Congress.

5

"Stand Your Ground . . . If They Mean to Have a War, Let It Begin Here."

Capt. John Parker

1/ Capt. John Parker uttered those words as the colonial militia under his command prepared to meet the British troops at Lexington. Those words and the painting—*Spirit of '76*—exemplify the dedication and determination of the American patriots in their fight for independence. The colonies had organized to express their grievances in an effort to resolve the differences within the framework of the Empire. Several of the colonial legislatures had instructed their delegates to the Continental Congress in Philadelphia to oppose any move toward independence. The movement for independence was gaining strength and following the publication of Thomas Paine's *Common Sense,* which argued for colonial sovereignty, a resolution was adopted and a committee of five appointed to draft a declaration of independence. 2/ General Washington, who had been appointed commander-in-chief of American forces by the Second Continental Congress, was a brilliant military strategist. It was his decision to take his Continentals across the Delaware River on Christmas night which resulted in the first major colonial victory. That victory at Trenton over Hessian mercenaries gave the ragged army renewed vigor. Supported chiefly through the printing of Continental currency, the colonial army also went through the personal fortunes of many American patriots—among them Washington, Jefferson, Richard Henry Lee and John Adams. These fortunes were donated to the cause of liberty—a cause supported by about one-third of the American population which was near 2,000,000. Another one-third remained loyal to the English crown and the remainder were apathetic. Despite many defeats, the colonies managed to keep an army in the field as a symbol of American resistance, to guarantee a negotiated rather than dictated peace.

". . . Give Me Liberty or Give Me Death!"

Patrick Henry

3/ Following the victory at Yorktown, Washington refused the offer of his troops to become king and returned to Philadelphia to aid with the establishment of a permanent government for the new republic—a loose alliance of sovereign states held together by the Articles of Confederation. An envoy composed of Benjamin Franklin, John Adams and John Jay was sent to negotiate with the British. It was not until 1783 that the peace agreement, known as the Treaty of Paris, was signed, guaranteeing the sovereignty of the United States of America. The Articles of Confederation, despite many weaknesses, served to unify the states until 1787 when a special convention was held at Independence Hall in Philadelphia to revise them. The meeting was attended by fifty-five of the most-prominent men of the day. Twenty-nine of the delegates representing a majority of the states met on May 25 and decided to draft an entirely new constitution rather than ammend the Articles of Confederation. The meeting then became known as the Constitutional Convention.

4/ The men who assembled for the Constitutional Convention were an illustrious group with nearly every delegate a person of prominence in his home state. A large majority favored a strong central government. After four months of debate, on September 17, 1787, the new constitution was completed. In a little more than four months, six states had ratified the new constitution. Despite the good beginning, the fight for ratification was bitter and it was not until September 13, 1788, that the necessary two-thirds majority of the states had approved the document and Congress could call for states to choose their electors and congressmen. Several of the states had ratified the constitution with the provision that it would be amended. Thus, as one of its first official acts under the new constitution, the Congress added the first ten amendments known as the Bill of Rights. Washington was unanimously elected President and a new nation was launched on a course of democracy.

"Give me your tired,
your poor,

Your huddled masses
yearning to breathe free,

The wretched refuse

Send these, the homeless,

I lift my lamp
